## Kapitel 1: Left alone

- Leider gehören weder Captain Future noch Captain Harlock mir. Ich habe sie nur ausgeliehen.

Diese erste Gedicht ist aus der Sicht von Harlock

Left alone

I'm alone, so alone  
Wandering in the dark  
Each and every step a torture

Why did you leave me  
Why couldn't you have stayed  
Just a little bit longer  
Just to give me time to show,  
To express the feeling in my heart

How can I tell you now?  
I can't eat, sleep or even think  
Since you've gone, it hurts too much

There's only one way to survive  
I have to leave it all behind  
My friends, my ship, my old life  
I can only try to follow you

It may be risky and crazy  
But love makes us do such things

Please let me find you  
And more than anything  
Please let me love you  
And don't send me away

My love's too deep  
To survive without you.

## Kapitel 2: Home

Das Gegenstück aus Futures Sicht

Home

Now I'm back, back home  
But this place doesn't feel like home anymore  
The things that used to mean so much to me  
Are useless and annoying now  
And it's all because of you

As soon as I left,  
I started to miss you  
Although I will return soon  
I can hardly stand the hours alone

But do you want me back?  
Do you feel it too?

It will be hard  
To leave my fiends behind  
I just hope they'll understand  
But now we've met  
Ther's no life without you  
Let me finde a new home, with you

## Kapitel 3: You

You

In the distance of the space  
I call your name  
In the stars surrounding me  
I see your face  
In the wind passing me  
I hear your voice  
In the air I breathe  
I smell you  
I reach out to touch you  
But you're gone  
Oh, how I miss you.

## Kapitel 4: Lost in space

Lost in space

Darkness all around me  
I'm alone in space

I can see millions of stars  
But they are all to far,  
To lighten my darkness  
And the zero gravity of space  
Can't make my heart any lighter

How can I find a way back home,  
When I never had a home?  
There's no way,  
Neither forward nor backward  
I'm lost

## Kapitel 5: Distance

Dieses Gedicht ist wieder von Future an Harlock gerichtet.

Distance

I miss you  
You're always in my heart  
But you're so far now  
How can I live without you?

Did I really have to return?  
Could I not just have stayed lost?  
Lost in your arms  
Always at your side

Why haven't I seen it  
The longing in your eyes  
The same as in mine  
As well as the cry in my heart

Now that we're separated  
I see everything clearer  
The hidden signs and looks  
How could I oversee them?

Just in the last glance I saw it  
All the pain in your eyes  
It tore my heart apart  
And is burned in my memories forever

I'm still dreaming of you  
Each day and every night  
Of all we had and did  
And all what might have become.

I just want to return to you  
To share what I just could dream of  
To see your smile again  
To touch you, to be with you.

## Kapitel 6: Lovesick

Und das Gegenstück von Harlock

Lovesick

How could you just leave  
You've stolen my heart you thief  
I really miss you  
But who can I show it to?

My life is so empty now  
I want to see you, but how?  
Can I just follow you?  
And is this love even true?

Do you want me at your side  
Out in the space so wide  
Can I ever be your friend  
Or is this just the end?

## Kapitel 7: At your side

At your side

through darkness I'll lead you  
Over rocks I'll carry you  
Just take my hand  
And I'll protect you from everything

even in the darkest of nights  
You'll see a light  
Even in the coldest of places  
You'll find a warm spot

If I'm with you  
None shall ever hurt you  
None betray you  
Let me be at your side

## Kapitel 8: Back

Wieder ein Gedicht aus Harlocks Sicht. Diesmal aber, als sie gerade wieder zusammen sind.

Back

Having you back in my arms, where you belong  
Being back in your arms, where I belong  
Just being with you – day and night  
From now, till eternity

Oh, my love, how I missed you  
Hoped, this moment would come true  
Hoped, I would not have to wait so long  
Hoped, you would still love me

Seeing you now, feeling you  
Is all that I wished for, since you left

I can't hold my tears back anymore  
Now I'm yours again  
Now I know – your pain was the same as mine  
Now your mine again

Let us share the sweetest kisses  
The deepest, all-consuming passion  
Let us never be separated again  
Neither in time, nor in places

Let this be the start and the end of everything  
Than having you back, is all my soul ever asked for.
